Driving towards  
A Greener Tomorrow

# ABOUT US

Have you ever stood right in the middle of Dadar? Surrounded by the cacophony of sounds, a TC calling out Ticket! Ticket dakhwa, a hawker nearby selling flowers, a shoeshine tapping is board attracting customers and the entirety of the city walk-jogging running late to their offices. Here everyone is equal from that bridge every train is an opportunity. It comes and goes, halting for none. A dabbawala is as crucial as a corporate employee. This microscopic station in comparison to the entire city represents the true pulse/ essence of Mumbai. A city of dreams for all. We don't sleep, we don't stop, we run and hustle to catch a moving train. Who are the true Mumbaikars? The ones who live in posh big houses or the ones that make this city, the city of dreams. The vegetable vendors catching the 4 A.M. local so the Dadar market functions on time supplying food for all. The garbage collectors making sure the streets are clean for us to run on. The rickshaws that run 24\*7 so we never have to worry about getting to corners of this city. Or is it you and me? The beauty of this ever-accepting city is that all of us are Mumbaikars. Each person as important as the next. Each person, a true Mumbaikar. So while there are reforms for everyone let's not overlook these lifelines. Let's do something for these Mumbaikars. Green Eco Bharat presents an opportunity for advancement for all with revolutionary E-shram and Anand. These will be electric-powered Pull carts, Vegetable carts, E - rickshaws Garbage Loaders and E-Bikes. Green Eco Bharat brings you a newer Mumbai, a cleaner Mumbai where innovation helps all.

**Aanand brings comfort to all the vegetable vendors that break their backs pushing their carts from 6 in the morning to 8 in the evening providing fresh vegetables to the entire city all year round.**

- PROS**
- No service / maintenance required every month
  - SOS based or change of part of required
  - No plastic or fibre used in the body

DESCRIPTION OF MATERIAL	SPECIFICATION	SPECIFICATION
LENGTH (BACK BUMPER TO FRONT TYRE)	96 INCH	
WIDTH (LEFT TO RIGHT)	42 INCH	
HEIGHT (BASE TO TOP WITHOUT LUGGAGE CARRIER)	34 INCH	
MOTOR 48 VOLT	800 WATT	COPPER WINDED
CONTROLLER	800 WATT	
DRIVE TRAIN	CHAIN GEAR SYSTEM	HEAVY DUTY CHAIN
TYRE	40-635 (28X1.5)	THEY ARE MADE TO PERFORM A VARIETY OF FUNCTIONS. FIRST AND FOREMOST, THEY KEEP YOU ON THE ROAD. SECONDLY, THEY HELP IN FUEL EFFICIENCY AND GOOD GRIP
DC CONVERTER 6 MONTHS WARRANTY	16 AMP	(INPUT 42-60 VDC--0Hz,5.0 MAX)(OUTPUT--13.2 VDC/10.0 A Cont 15.0A Pk.)
BATTERY WITH 1 YEAR WARRANTY	12 VOLT 28 AH X 4	RECYCLE,ULTRA LOW MAINTENANCE,FAST CHARGING ACCEPTENCE,FAST RECOVERY IN DEEP CYCLE.
RIM SIZE	25.5 INCH	I CAT APPROVED
CHARGER	3 AMP	FAST CHARGER/I CAT APPROVED
HANDLE T WITH METER & IGNITION	HERO	HERO APPROVED
THROTEL/RACE	CY GOLD	LONG RANGE PERFORMANCE/I CAT APPROVED
TRANSMISSION		FORWARD ONLY
L/R SWITCH		I CAT APPROVED

**Battery**  
48 bolts | 28 AH

**Charger**  
3 amp

**8 Hours to full charge**  
20-25 kms (consuming 1.5 units only)

**E-shram brings relief for hawkers who tire themselves out every day bringing us items of daily necessities. With EV carts they can save hours of their time that goes wasted in pushing their cart from one place to another**

- PROS**
- No service required every month
  - Only differential oil needs to be checked after every 3 months
  - No plastic or fibre used in the body
